Please email the form to: Trans.Edu@phsa.ca

Date of Request:

Name of Requestor:

Organization Name:

Contact Details (Email):

Project Name:

Timeline for Request:

Please describe your project:

Level of Support your project requires (check all that apply):

<input type="checkbox"/>	Promotion	<input type="checkbox"/>	Endorsement (e.g. use of Trans Care BC logo)	<input type="checkbox"/>	Letter of Support (e.g. for funding applications)
<input type="checkbox"/>	Recruitment for Research	<input type="checkbox"/>	Advisory Board Membership	<input type="checkbox"/>	Other:

Please describe in further detail the type of involvement you are requesting from Trans Care BC:

Honorariums are a means of showing appreciation, recognizing knowledge, expertise, and lived experiences. They are payments given to volunteers, patient partners, and community members. Trans Care BC recommends a minimum of \$75/hour for engaged partner work (reviewing materials, consultative subject matter expert work, etc.) and \$50/hour for focus group participation.

Does your project provide an honorarium for participants? Yes No

Please advise of the honorarium details (gift card, cash amount, etc.):

Please briefly describe how your project addresses the following:

- 1) Collaboration with community stakeholders through planning, implementation, and dissemination.
- 2) Steps taken to minimize the burden of research (e.g. compensation, data collection procedures).
- 3) Steps taken to minimize harms to research participant's and the trans community throughout the research and dissemination process, specifically addressing:
 - Protection of confidentiality and privacy, including partnership with an academic institution and ethics approval.
 - Appropriateness of measurement tools and data collection procedures for trans populations.
 - Non-stigmatizing language and framing of research.
 - Accurate and sensitive representation of community
